APPLICATION PROCESS

What is Community Housing Concepts?

Community Housing Concepts, Inc. (CHC) is a Denver-based non-profit organization dedicated to increasing affordable housing opportunities across the country for low-income individuals, families and seniors. CHC partners with Monroe Group to provide management services at their properties. To help fulfill its mission, CHC created an educational scholarship program to support residents at all Monroe Group managed properties.

Who is eligible to apply for the CHC scholarship?

This scholarship is open to residents of *all ages in good standing* who are living in a Monroe Group managed property who desires to attend or is attending an *accredited* educational or vocational institution.

What's an accredited educational or vocational school? Why is accreditation important?

Accreditation is very important because it means the school has met and is maintaining high level of standards set by an accrediting agency. The US Department of Education recognizes these agencies to be authorities on accreditation and are listed on the US Department of Education's website. An accredited school will allow you to easily transfer credits if you choose to change schools, and employers prefer to hire graduates from an accredited school versus a non-accredited school. Always check the reputation and accreditation of the school prior to enrolling.

How much money is awarded with a CHC Scholarship?

The scholarship is generally a one-time award of up to \$2,500 per person. CHC Board Members review each scholarship individually and scholarship awards may vary.

What can the funds be used for?
